

Hogg Capital Investments Limited

Disclosure of Information in Accordance with Standard License Conditions

For the Year Ended 31 December 2021

The Investment Services Rules Part BI (Rules Applicable to Investment Services Licence Holders which qualify as MiFID Firms), Part 3, Section 7 (Disclosure by Investment firms), R3-2.7.2 requires the licence holder to publicly disclose on an annual basis information on its risk management objectives and policies, governance, its own funds and own funds requirements, and its remuneration policy and practices in accordance with the Investment Services Rules and Regulation (EU) 2019/2033 ("IFR").

(i) Risk management objectives and policies

The directors consider the likelihood of the Company being exposed to events which could significantly impact its assets as limited given the nature and execution of its business activities and in relation to its capital base. In the opinion of the directors, and given the risk management procedures which are in place, the Company is not exposed to a significant level of risk.

In terms of the IFR, the Company is required to disclose information about the following risks:

- a) Risks relating to capital requirements, including own funds requirements, fixed overhead requirements, minimum capital requirements, risk-to-client factors, risk-to-market factors and risk to-firm factors - this risk is managed and monitored by means of policies and procedures aimed at ensuring that the Company is within its regulatory capital requirements at all times;
- b) Concentration risk - the risk arising from high exposures to a single counterparty or a group of connected counterparties. The Company's exposures to institutions represent its counterparty risks with regulated financial institutions. The financial health of the respective institutions is considered as very strong and is monitored on a regular basis. The risk of loss from this category is considered to be low; and
- c) Liquidity risk - this risk is managed by maintaining sufficient liquid assets within the Company at all times, and the periodic review of the Company's liquidity position.

The Company has in place ongoing compliance and risk management procedures to monitor and where necessary to quantify the impact of its identifiable risks. The Company's Risk Management and Internal Capital Adequacy Assessment Processes (RMICAAP) register is reviewed by the Company's Executive Committee under advice by the Risk Manager on a regular basis and is considered to be representative of the nature, scale and complexity of its business operations and activities.

Risk management objectives and general conduct of business

The Company's risk exposures are reflective of its business practices as conducted on a day-to-day basis. The Company will avoid unnecessary risks in its ordinary course of business.

The Company and its management undertake their professional responsibilities in a prudent and diligent manner, thereby minimising the possibilities of the Company being exposed to any other, and/or unavoidable risks, and as referred to above. Such risks are minimised through the risk management and operational procedures in place, including through the Company's internal control systems and procedures.

The Company is additionally compliant with applicable regulations and guidelines as are issued by the constituted regulatory bodies within Malta, the European Union and wherever applicable from other overseas jurisdictions.

The Company maintains a sufficient financial capital buffer as a part of its risk management objectives.

Hogg Capital Investments Limited

Disclosure of Information in Accordance with Standard License Conditions (continued)

For the Year Ended 31 December 2021

(i) Risk management objectives and policies (continued)

Risk management objectives and general conduct of business (continued)

The Company's conduct of business and hence its professional reputation is key to this entire process and is encapsulated within its operations' manual and which is followed by the board of directors and by its members of staff.

(ii) Governance

The Board is presently composed of three Executive Directors and one Non-Executive Director. This represents a transition towards a final Board composition which will comprise an additional Non-Executive Director and an Independent Non-Executive Director, and which should be completed during 2022. The members of the Board collectively represent a high level of professional experience within securities investment and management and within trading other financial instruments including derivatives. The Board is not aware of any matters relating to its existing Non-Executive Director or to its prospective nominees which would represent a conflict of interest that would materially interfere with the exercise of their independent judgment.

(iii) Own funds

The Company is required to disclose the following information regarding its own funds, in accordance with the IFR:

(a) a full reconciliation of Common Equity Tier 1 items, Additional Tier 1 items, Tier 2 items and applicable filters and deductions applied to own funds of the investment firm and the balance sheet in the audited financial statements of the investment firm;

As at 31 December 2021, the Company's own funds amounted to €1,110,732 (2020: €1,098,144) and consisted of ordinary share capital of €326,112 (2020: €326,112), share premium of €339,047 (2020: €339,047), other reserves of €263,298 (2020: €263,298), intangible assets of €2,826 (2020: €6,537) and retained earnings of €185,101 (2020: €176,224). The reconciliation of own funds is being presented in the following prescribed regulatory templates:

(c) a description of all restrictions applied to the calculation of own funds in accordance with the IFR and the instruments and deductions to which those restrictions apply.

No restrictions were applied to the calculation of the Company's own funds as at 31 December 2021 and 2020.

(iv) Own funds requirements

The Company assesses the adequacy of its internal capital to support current and future activities on an ongoing basis by means of periodic management reports and regulatory updates being considered and discussed by the Board.

As at 31 December 2021, the Company's K-Factor requirement, calculated in accordance with Article 15 of the IFR, amounted to €100,929, and the Company's fixed overheads requirement, determined in accordance with Article 13 of the IFR, amounted to €356,000.

(v) Remuneration policy and practices

The Company is required to disclose the remuneration policy for those staff whose professional activities have a material impact upon its risk profile.

- The Company adopts a gender-neutral employment and remuneration policy.
- The Company engages its senior management and staff on the basis of indefinite contracts of employment, following a period of probation.
- Senior management staff are eligible for annual salary increases, which will reflect the Company's business performance as well as their individual performance.
- Annual bonuses are paid to senior management staff members according to individual overall performance during the previous financial year.
- Share options, share incentive schemes and profit sharing do not feature in the Company's Remuneration Policy.
- Total emoluments, exclusively reflective of fixed remuneration paid to senior management during the period under review amounted to EUR 345,218.
